

VICTORY FOR DEMOCRATS

Democrats Carry County by Large Majority
Republican Clerk Elected by 300

The actual election is over, the votes have been cast, but the majority of the people of Clayton County want to know what produced such an abundant harvest of Democrats, and where were the Republicans on election day.

To say a landslide, describes it very mildly; the Democratic ticket was swept into office by majorities ranging from 400 to 1200 with the exception of county clerk, C. C. Caldwell, he was able to come up smiling from the fray with a majority of some three hundred (300) over his Democratic opponent, Bruce Kennedy.

The whole campaign had been centered on the sheriff's race. Dan Roberts, the present incumbent, elected two years ago on the Democratic ticket, stood for re-election and Tom Gray was the choice of the Republican party, as their standard bearer. Despite the fact that Mr. Gray publicly declared his friendliness to prohibition and pledged himself to enforce the statute laws of the state, the Democrats persisted in making the issue one of wet and dry, and by every persuasive device known to the art of man led many people to believe that we were on the verge of bringing back the open saloon and that the only requirement necessary for its advent was the election of a Republican sheriff. It worked and Mr. Roberts was elected by some 700 majority, but the methods used in the campaign were such that they paralyzed the vocal organs of the party until the Democratic donkey has not emitted a single bray, nor the rooster flapped his wings. The real tragedy is not the use of such propaganda but the fact that the citizenship of Union county actually believed it.

The people will no doubt insist that Democratic promises be made good, that Union county be made as dry as the Sahara Desert, and all other forms of vice be obliterated; that economy be the watchword of the administration, which in other words means a reduction in the rate of taxation other than the 20 per cent effected by the present administration and effective in 1923.

We give following the total vote of Union county for all candidates:

For U. S. Senator

Davis, Rep., 1700; Jones Dem., 2000.

ADVERTISED LETTERS

The following letters remain un-called for in the Clayton, N. M., post-office. If not called for they will be forwarded to the Dead Letter Office on November 21, 1922. When calling for these letters please mention advertised and give the date of this notice, November 7, 1922.

JOINT MEETING YOUNG PEOPLE'S SOCIETIES

The second of a series of inter-society visits was made last Sunday evening when the C. E. Society of the First Christian Church became the guest of the Baptist B. Y. P. U. at their regular Sunday evening service.

An interesting program had been prepared, and the Baptist young people displayed an enthusiasm in their work that is seldom manifest. There will be much good result from these visits, a closer relationship will develop stronger societies that will be able to reach a larger number of people.

U. S. WARSHIPS MAY GO TO CONSTANTINOPLE

Washington, Nov. 7.—U. S. warships will start for Constantinople in two minutes if Admiral Bristol is convinced that it is necessary to protect Americans from massacre, according to a statement made in official circles Tuesday, following receipt of reports that the new Turk government has issued an ultimatum forbidding foreign warships to enter the straits without permission and that trouble is imminent in the city of Constantinople.

The Turkish order closing the straits is understood here to have been issued on the strength of the Russo-Turkish treaty, in force before the war. The United States acknowledges the validity of that treaty, but it will be quite another thing if the presence of United States warships was necessary to protect American interests.

The belief was expressed that in the event of news forecasting a massacre there would be a general movement of allied war vessels to Constantinople, notwithstanding the Kemalists' prohibition. It was stated, however, that the United States would not move as an integral part of the allied forces, but would proceed separately under its own right for the protection of Americans and American interests.

Virtually everything is being left to the discretion of Admiral Bristol, officials said. He could order the American destroyers thru the straits without waiting for any instruction from Washington, it was explained.

The state department announced that forty-two Americans, previously stationed at various ports, have sailed for New York on the steamer Acropolis. This leads officials here to believe that Americans feel unsafe anywhere in the Turkish dominions.

State tax commission reduces salaries in fifteen counties.

Contract given for new railroad from Bernalillo into Jensen county.

ROTARY PLAY PROVES
TO BE A SUCCESS

The Rotary play was a success, financial and otherwise. For something over a year the Rotarians have endeavored to stage a home talent production that would be a credit to the club and one that would receive the plaudits of the townsfolk and assist in creating a fund for the Boys and Girls Club work that is being carried out by the club. This work is commendable, and one which not only Rotarians, but every citizen of Clayton county may be proud of.

The Clayton Club is investing in boys and girls in building character. The proceeds of the show, which netted about \$250.00 for the local club, go into this fund for this particular work.

The club members spared no efforts to make the show a success. Under the direction of Mrs. Young a cast of 200 of Clayton's leading people was prepared to present "Round the Wheel With the Rotarians" to the people of the town and county at the initial opening of the new central auditorium, of which the people are justly proud.

It was almost a capacity house, and the show started with a bang, after Miss Agnes Blakey and Master Mickey McFadden had issued their proclamation to "Let's Start the Show." We can not name the artists because each of the 200 people played their part to perfection, and to the enjoyment of an appreciative audience. Special mention, however, should be made of Dr. Hurley as the black face. He was so good, people yet doubt that he played the part, and H. L. Dickman, made the "happiest drunk" seen since the days of Mr. Volstead. Many people were unable to see the show at the auditorium, November 3, and by request it was repeated at the Mission Theatre, Nov. 7th, to another capacity house.

Yes, the Rotary show was a success.

HARDING TO CALL CONGRESS

Washington, Nov. 7.—President Harding expects to issue a call on Thursday or Friday for a special session of congress convening on November 29, it was announced today at the White House.

It was said that although the president was not irrevocably committed to the proposal for the special session, which has generally been expected by congressional leaders, only an eleven hour change of mind would prevent him from issuing the call.

The plan for a special session after the election has received the general endorsement of senate and house leaders. It is understood the president feels that by meeting at least two weeks in advance of the regular session, the legislative program can be so advanced as to enable congress to clean up its slate by the time the regular session ends next March 4. The feeling among administration officials has been that unless an earlier start is made than would be possible with congress meeting the first Monday in December an extra session undoubtedly would be necessary after next March 4.

Although the program for the special session has not been worked out definitely it briefly provides for consideration by the house of the merchant marine bill and work by the senate on the Dyer anti-lynching bill which has already passed the house. Administration leaders hope these two measures can be disposed of by the time the regular session convenes, and house leaders have assured the president that by that time committee work on a number of the regular appropriation bills will have been finished.

The house appropriation committee has been called to meet Friday to begin its work.

Roosevelt county to produce 1000 bales cotton.

NEW MEXICO COAL OUTPUT IN 1921 WAS WORTH \$5,500,000

Washington, Nov. 7.—New Mexico's coal mines produced 2,456,942 net tons of coal during 1921, according to the statistics of the U. S. Geological Survey. The state's coal output was worth \$5,500,000 per ton.

In its mining and preparing for market 4,577 employees were utilized. Colfax county was the leading coal producing county of the state with an output valued at \$6,077,000, while McKinley was second with \$2,200,000 worth.

DAN ROBERTS WILL
BE SHERIFF STILL

Coming home with a victory by a large majority, Dan Roberts again is sheriff of Union county for the next two years, running on a platform of strict enforcement of the law.

In many ways Mr. Roberts has made an excellent sheriff, in several ways he has left the people room for doubt as to his sincerity, but it is not expected that any line will be perfect or be able to satisfy all the people. That is the reason Mr. Roberts had opposition. His supporters claim that he will benefit by his experience and will make a better sheriff in the future than in the past; it is sincerely desired by the people that he do this. The News did not support Mr. Roberts for re-election, but since he has been re-elected he became the chief of his opponents as well as his supporters, and The News accepts the attitude of the people. There is not an ardent supporter of Mr. Roberts who wishes to see him make an improvement more than The News. There are many ways in which this may be done, and The News wishes to mildly suggest just two, that seem to be errors in the present administration. The first suggestion is that he be the sheriff and conduct the office, he has the ability; and the second would be that he choose as his deputies the citizens of each community of which they have a right to be proud. This second suggestion is not casting a reflection on the real deputies of Mr. Roberts, but merely refers to some few scattered about.

It is the desire of The News to support the sheriff in his endeavor to carry out a constructive program for the good of the county. They will cooperate in every way possible for he is to be in spite of opposition, the sheriff of the people.

CLAYTON'S 1ST JEWISH SERVICE AT METHODIST CHURCH
7:30 P. M. MONDAY, NOV. 13.
RABBI DAVID BRONSTEIN OF LAS VEGAS, N. M. YOU ARE CORDIALLY INVITED. MUSIC. TOPIC, "JUDAISM AND THE WORLD AT PRESENT."

IMPORTANT NOTICE TO PATRONS OF CLAYTON POSTOFFICE

On account of the discontinuance of the night mail trains, it is important to save delay in your outgoing mail by having it ready for dispatch in time to be sent on the two day train. Your south bound mail to be dispatched on train No. 8, must be in the postoffice by 11:15 A. M. Your north bound mail to be dispatched on train No. 7, must be in the postoffice by 5 P. M.

By this schedule you will not be late only gives us 30 minutes to prepare this mail for dispatch on either train, so we will appreciate you getting your mail to the office as much ahead of this time as possible.

By observing the above schedule you will save your outgoing mail a delay of from 12 to 24 hours. For instance, a letter mailed later than 5 P. M. that should go north would be in time for train 7 that day and would have to be delayed in dispatch for a period of 24 hours. Save this notice and consult it when needed.

M. P. Harvey, Postmaster.

SNAPPY FOOTBALL PROMISED SATURDAY

The football fans of Clayton are promised a snappy game next Saturday, Armistice Day, when Clayton High school comes over to play the first game of the annual two-game series.

Last year, it will be remembered, Clayton split the series with Clayton, but this year the Clayton Tigers are strong in the belief that they will get away with both games.

The team under Coach Dixon has progressed wonderfully, and despite the lack of material, seems to be of big-time calibre. It remains to be seen whether the plunging Clayton backs and the heavy line will have enough stuff on the ball to cope with Clayton's speed and aerial game.—Range.

Santa Fe railroad gives 50 per cent reduction rate on feed for livestock. One hundred thousand cattle from drought-stricken sections moved to Mexico.

BAPTISTS RAISE
\$30,000,000 CASH

ALL GENERAL WORK STRENGTHENED BY 75 MILLION CAMPAIGN. IT IS SHOWN.

WHERE THE MONEY GOES

Some That Have Been Appropriated To Various Objects Set Forth By Headquarters Office At Nashville, Tenn.

Dr. E. Gill, Baptist Representative in Europe, on Left, and P. V. Pavlov of All Russian Baptist Union.

From the beginning of the Baptist 75 Million Campaign to January, 1922, a total of \$30,358,319.41 had been paid in to objects fostered by the Campaign. It is announced by the general headquarters office at Nashville. Of this amount \$28,799,971.16 came in through the payment of regular Campaign subscriptions and the remaining \$1,558,348.25 in special contributions.

Regular receipts from the various states follow: Ala., \$1,301,154.76; Ark., \$714,683.09; D. C., \$123,250.91; Fla., \$469,753.53; Ga., \$3,000,174.10; Ill., \$298,676.12; Ky., \$2,187,656.15; La., \$507,991.13; Md., \$393,517.46; Miss., \$1,248,948.60; Mo., \$1,190,754.70; N. M., \$145,229.97; N. C., \$2,211,741.50; Okla., \$540,562.65; S. C., \$2,632,840.53; Tenn., \$1,797,482.10; Tex., \$5,162,858.35; Va., \$3,279,085. More than 250,000 baptisms were reported by Southern Baptist churches last year.

How Money Was Distributed

Seven general objects of the denomination were embraced in the Campaign program, and from the regular Campaign contributions these objects have received the following amounts, according to a compilation by the headquarters office: Foreign missions, \$5,454,012.53; home missions, \$3,563,600.67; state missions in the seventeen states and local work in the District of Columbia, \$4,954,813.26; Christian education, \$7,192,442.79; Baptist hospitals, \$2,004,099.16; orphanages, \$2,103,767.33; and Relief and Annuity Board, which ministers to aged dependent ministers and their families, \$799,124.99.

What Money Has Done

These funds represent an advance, ranging from 200 to 300 per cent, in the contributions of Southern Baptists to their general missionary, educational and benevolent work. Prior to the inauguration of the Campaign, agencies to a greatly extend their services in all departments. In addition to sending out more than 150 new missionaries since the Campaign began, and providing many church buildings, mission residences, schools, theological seminaries, publishing houses, hospitals and the like on the older fields the Foreign Mission Board has been enabled to open work in the new fields of Spain, Yugoslavia, Hungary, Roumania, and Southern Russia in Europe, and Palestine, Syria and Siberia in Asia, and Dr. Everett Gill, for many years a missionary in Italy, but more recently a pastor in Kansas City, has been named special European representative to supervise the greatly expanded work on that continent. Dr. Gill is giving much of his time to distributing Baptist relief funds in Russia and otherwise looking after the interests of the denomination there.

Home Work Enlarged

Among the outstanding accomplishments of the Home Mission Board are the aiding of more than 1,000 churches with loans and gifts for church building, completion of the big tuberculosis sanatorium at El Paso, enlargement of the work in Cuba and the Canal Zone, strengthening of the 37 mountain mission schools and the development of all eleven departments of the work of the Board. In all seventeen states of the Southern Baptist Convention the state mission work has been greatly extended, the number of Baptist hospitals in the South has been increased from sixteen to twenty-three, all of the older sixteen Baptist orphanages have been aided in material ways and two new ones have been established, while the number of aged dependent ministers and their families has been doubled and the amount of aid given them increased 100 per cent.

Albuquerque to get \$100,000 steel and concrete laundry building.

LOCAL WOMEN ATTEND
STATE CONVENTION

Mrs. Ralph Morfles, Mrs. Arthur Wooten and Mrs. A. S. Cornwell were delegates to the State Federation of Women's Clubs, held at Albuquerque, on Oct. 24, 25 and 26. The Federation has 2,000 members in the state, with 33 federated clubs. There were 117 delegates besides the visiting ladies.

On arriving in the city, the women's club members of Albuquerque met the trains and the delegates were assigned to the various homes and were entertained in the homes for breakfast.

The first night was the President's night, and a welcome was given by the various churches, Kiwanis Club, Rotarians, Elks Club, Business and Professional Women's Club, Tuesday Literary Club, and Women's Club of Albuquerque. A program of interpretative dancing by Mrs. Knight and her pupils of Santa Fe. The Kiwanis Club gave a dinner at the Y. M. C. A. to the visiting ladies, in which each member entertained a lady. Rotarians entertained at the Masonic Temple, on Thursday evening. Several addresses were given by the following persons: Dr. David S. Hill, president of the University; Geo. S. Ruble, assistant professor of English gave a very interesting talk on languages; Rouben Perry, superintendent of the Indian School, gave a lecture on Navajo Indians; A. C. Alwood, president of the Indian School talked on the land interest of the Indians of New Mexico. All will admit the ladies are due credit for their hospitality, likewise all the people of Albuquerque.

DID YOU EVER STOP TO THINK—

THAT the future holds wondrous certainties for a live city.

THAT a marvelous development is ahead of a city that has a spirit of progressiveness?

THAT a bustling spirit will make a citizen feel better, look better and make him better fit to do his share of city building?

THAT it requires no superior wisdom to know that?

THAT everyone has heard of the boosting spirit; it is that indefinable spirit that makes citizens cooperate together in a way that builds greater cities.

THAT in cities where everybody works and nobody shirks, you will find that boosting spirit, a spirit of hospitality, co-operation and pep all combined.

THAT a reputation as a Good Start or as a Good Finisher is what counts?—E. R. Waite, Sec'y. Shawnee Board of Commerce.

BAZAAR PARTY

The ladies of the Christian Church gave a bazaar party at the church Thursday afternoon, from three to five o'clock. Several invitations had been extended and a good attendance was reported and many beautiful gifts were received for the bazaar which will be held November 23rd.

Many useful and beautiful articles will be on sale at this bazaar that will serve for Christmas gifts and will help one to curtail in a measure the holiday expense.

The ladies had arranged a splendid program, consisting of musical numbers and readings, which was enjoyed by all present. The following contributed to the pleasure of the afternoon: Mary and Irene Davis, Grace and Avis Ryan, Vivian Price, Pauline Beatty, Mrs. Guist and Mrs. Tom Bushnell.

Delicious refreshments were served.

ROTARIANS APPRECIATE CO-OPERATION OF MANY FRIENDS

The Rotarians wish to express their thanks for the co-operation of their many friends in Clayton, by which they were able to so successfully stage their play last week, "Round the Wheel With the Rotarians."

As was advertised, the receipts go to help worthy boys and girls remain in school and it is our desire that you feel that by your efforts you have gained a place in this work, though not a Rotarian.

Particularly do we wish to thank the members of the orchestra, who so generously gave their service for the two evenings.

COMMITTEE.

Clayton makes heavy shipment of cattle to Colorado for feeding.

CLAYTON LOSES FAST
GAME TO GUYMON TEAM

Flush with victory over Dalhart, the Clayton eleven met Guymon's fast grid men and found an obstacle they could not overcome. But the local high school boys have no alibi to offer, save that Guymon outweighed, outplayed and outgeneraled them for 34 points, while they best they could do was to tally up 16. In spite of the score, however, it was one of the fastest, cleanest and best games that has ever been played in Clayton, and the Clayton boys will welcome another opportunity to attach Guymon's scalp to their grille.

Coach Terrell has been able to whip into shape a very strong team. With several new men playing a game like the old hands, there is good reason to believe that they will have an even break with Raton on Armistice Day, and the chances are favorable for them to bring home the victory.

DUBOSE METHODIST CHURCH

The district Stewards will meet in the church at 2:00 Saturday afternoon, November 11, after which the First Quarterly Conference will be held.

The evening services will begin at 7:30 instead of 7:20, as heretofore. You will get out thirty minutes earlier. Be on time.

The subject for the evening service will be "The Religion of Unspottedness."

If you are not in services elsewhere, come and worship with us. Help us with the singing.

E. Homer Miller, Pastor.

GRAIN TRADE REVIEW

Grain values have moved up steadily during the past few weeks and have advanced materially from the low point in August, as there has been considerable change in the conditions surrounding the grain markets recently.

While a month ago the trade ignored all factors except those having a bearing on the political situation in the Near East and statistics indicated that exporting countries had a burdensome surplus of wheat compared with the theoretical requirements of importers, the latest available estimates show that the principal importing countries have produced about 245,000,000 bushels less wheat this season than last year, and that the total world's wheat crop is 82,000,000 bushels less than in 1921. Foreign markets have gone up faster than Chicago, evidently on account of foreigners having overstayed their market, as it was only natural they should not wish to carry large stocks of grain in view of prevailing financial conditions, while there was a large North American surplus to draw from. But the transportation situation in the United States, due to shortage of motive power, as well as scarcity of cars, brought about a radical change in conditions. Seaboard competition for quick shipments has therefore been more or less a factor in helping to stimulate bullish sentiment as well as the good milling demand.

The clearances from Atlantic ports are now limited only by the ability to get the grain aboard the boats, and owing to transportation conditions now existing that are not likely to be improved very soon, no accumulation of supplies in the hands of consumers and distributors in this country or in Europe is probable for some time to come.

Recent unfavorable advices from Australia, together with the continued dry weather in the winter wheat belt, in this country, have occasioned further advances in the price of wheat.

Coarse grains have been advancing relatively faster than wheat, as the situation with respect to both corn and oats is somewhat different from that of wheat, inasmuch as domestic conditions govern the action of the markets and the statistical position is decidedly strong.

It is reliably estimated that the amount of corn available for consumption in the 1922-23 season will be 400,000,000 bushels short of that of the previous year and will not be much, if any, above the average of the past ten years, while the demand will be unusually large owing to increased feeding and the distribution will be over an exceptionally wide territory this season. The movement of new corn has commenced with the first arrivals showing excellent quality.
